THE PEOPLE ALL

In Charity Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes," Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Alexandria's Possibilities.

To the Editor of the Alexandria Gazette.

After an absence of several years I was in your city a short time ago, and was glad to see so many evidences of improvement, especially in the banks, but in inquiring about the wholesale trade of the place, I was surprised to learn that you had no wholesale shoe house.

This struck me with surprise, knowing as I do the fine country that is tributary to your city.

To show what can be done, when people try, I will call attention to what Lynchburg has done.

Twenty-five years ago, the whole business of Lynchburg was based on the tobacco trade, but owning to the rise of the trusts that seemed doomed to distruction. As soon as her moneyed men saw what was coming, they turned their attention to something else—To manufacturing and wholesaleing.

At that time there were not n ore than one or two strictly wholesale houses in the place Now there are probably not less than fifty. Nearly thirty wholesale grocery stores, two wholesale dry goods, two notions, and others of various kinds, but especially four wholesale shoe stores. And that is not all. Each of these establishments has set up a factory, in which they are making in large part the shoes they sell. And two of them are now building two additional factories.

They are paying out every week thousands of dollars in wages ranging as high, I am told, as $7,000 a year, the salary of one of the superintendents.

Now I do not see why your city can not do likewise. You have one of the finest parts of Virginia tributary to you. You have both water and railroad communication, a great advantage.

Let some of your bright young men start a wholesale shoe house, and let your banks with their money back them up. Then let them start a factory in connection with their store and sell their own goods, and I have no doubt that they will succeed. You will be hurting no one in Virginia, as I have no doubt your whole section is now supplied from Baltimore. Lynchburg has taken away Baltimore's trade in the section tributary to it, and you can do the same.

Then organize you a Board of Trade as Lynchburg has done, and get all kinds of industries started, and you will thrive as you have never done before.

Pastor Assaulted.

Rev. John Kopp, pastor of the St. Paul's Lutheran Church of Byram Shore, Conn., was murderously assaulted yesterday evening within a hundred feet of the church as he was about to enter. His scalp was laid open and his eye blackened. His assailant escaped over the state line to Port Chester, but it is expected he will soon be caught.

Jealousy on the part of the assailant is believed to have been the cause of the assault. Constables are now looking for a stonecutter, whom they say they have evidence against as the man who tried to murder the pastor.

All Eastport, Chester, and Byram Shore are greatly excited. The suspect is an Italian, and his wife a pretty German young woman. She teaches in a parochial school at the German church Saturdays and on Sundays sings in the choir, and occasionally acts as organist.

Rev. Mr. Kopp comes from New York whenever services are held. He has been pastor for six months.

Last night as he was nearing the church a man ran up behind him and dealt him a blow on the head, felling him. Henry Schmehl, in whose house the suspect and his wife reside, interfered and a blow was aimed at Schmehl with a hammer or hatchet, but he escaped.

The minister was picked up unconscious as his assailant ran away, and he was taken into the church, where the congregation awaited him.

The suspect's wife, seated at the organ, fainted as the pastor was borne past her to the basement of the church. Dr. Lewis was summoned from Port Chester and took several stitches in Mr. Kopp's head.

Mr. Schmehl at once notified Sheriff Ritch that the Italian was the one wanted, and that he would assist in the capture, but when the officers reached the scene they found him and the Italian both missing. Mrs. Schmehl said last night: "I think the man went crazy with jealousy. He ran in and out of the house all the afternoon, and last night, just after the assault, he ran in and I heard him throw something on the floor, then lock the door, and run out the back way. The hatchet was found on the floor where I heard the noise."

Members of the congregation sheltered the minister and the organist last night for fear that Depaul will yet kill them.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health Tonic on earth. 50c. Guaranteed by E. S. Leadbeater & Sons druggists.

Elephants on the Rampage.

A herd of twenty elephants that escaped from the animal keepers of the Hagenbeck menagevie yesterday afternoon caused intense excitement in territory north of Cincinnati, broke up the services in a colored church and did a great deal of damage by breaking down fences and pulling up trees and shubbery before the last were captured at 6 o'clock yesterday evening

The animals were being transferred from their winter quarters, at the Carthage fair grounds, to a train in the railroad yards. The herd was made nervous by the trumpeting of a female that had lost trace of her baby elephant, and the animals were in confusion when a freight train rolled by, its whistle shrieking under a full pressure of steam.

The huge beasts, frightened by the shrieks of the steam siren, became absolutely demoralized, and broke pellmell. A dozen, trumpeting frantically, dashed wildly against the front of the First Colored Baptist Church near by, and one of the elephants went throught the door.

The first blast on Gabriel's trumpe could not have caused greater consternation to the congregation, which speedily disappeared through the windows

The animals then scattered in all directions, knocking over fences as they went, and tearing up small trees in their frenzy. The keepers were unable to restrain them in the least and could do nothing until their fears had subsided.

There were many wild scrambles by men, women, and children to get out of their way.

By the middle of the afternoon all of the elephants but two had been recaptured by Head Animal Trainer Ed Cullen and his assistants.

The last two swam the high waters of Mill Creek. They were trailed by men on horseback, who followed their tracks for twelve miles across the country, until they located them in a ravine near the county infirmary.

Cards to Settle Mayoralty Fight.

Unable to settle their dispute as to who should be Mayor of Ida Grove, Ia., by any other means W. J. Anderson and Robert Lipton have agreed to play a game of cards to determine who should withdraw. Although business partners and husbands of wealthy sisters, the men have long been rivals in politics and society. Both ran for Mayor at the last election and the voting resulted in a tie. Lots were drawn, favoring Lipton, but Anderson was still dissatisfied and a resort to cards was suggested and accepted by both men.

AND VIRGINIA ADVERTISER

MONDAY EVENING, APRIL 2, 1906.

CONGRESSMAN JOHN SHARP WILLIAMS, of Mississippi, democratic leader in the House of Representatives, made an address at Wilmington, Del., Saturday night before the Young Men's Democratic Club. He outlined the issues upon which the democrats will go into the campaign next fall. The issues, he said, will be corruption in public office, the tariff, the trusts, and the Philippine question.

Mr. Williams declared that protection was the mother of graft, corruption, and socialism, and that the doctrine of "stand pat" could not obtain, because as the people progressed the tariff would continually be altered until a just one was secured. The insurance scandals be held to be due to the doctrine of protection, that permitted the government to be used to enrich the few at the expense of the many. Referring to ship subsidy he said he would rather give the money directly to working women and children in the factories and to the darkies on the plantations than to those who built cottages at Newport and rode in automobiles. He said the Philippines should be "dropped like a hot brick," but if the islands were to be retained the natives should be accorded the same privileges as the people of the United States.

The issues named by Mr. Williams are sufficient for the democrats to go before the people with and on themthey deserve to win even if they do not.

THE WORLD will rejoice to known that the controversy over Morocco is settled. The international conference at Afgeciras has reached an amicable agreement upon the disputed points of police and financial control. There is no occasion to enlarge greatly upon the question of defeat as between France and Germany. Each has gained something, and each has conceded something. On the whole, France has undoubtedly maintained her origiual policy to a much greater extent than Germany has hers. Early in the controversy the German Colonial Society and the Pan-Germanic League urged that the imperial government should insist upon Germany's having at least one Moroccan port for her own and also important commercial and territorial concessions. That was the extreme German view. A more moderate view was that of the Chancellor, Count von Bulow, who declared that Germany's interests in Morocco were economic and nothing more. The German demands urged at Algeciras were between these two extremes, and, af.er several weeks of diplomatic sparring, both France and Germany have manifested a disposition to be conservative and the Moroccan incident is now a thing of the past.

IF THE experts of the Navy Department carry out their tentative plans the monster battleship authorized by the House naval committee will be far more powerful than the committee members contemplated, and will be far and away the greatest battleship in the world, dwarfing England's new Dreadnaught. A member of the committee argues that as an agent for the maintenance of the world's peace a battleship of 20,000 tons would be as effective as five common-sized battleships. Laymen would reason that so much is being done by the increase of armies and war ships to perpetuate peace that it is incomprehensible how wars occur.

IT IS reassuring to be informed by the anthracite coal operators that they have such a store of coal mined and in storage that "they will be able to protect both themselves and the public against any contingencies." The contingency chiefly dreaded by consumers is a great advance in prices now that a strike has been declared. If, says the Philadelphia Record, the holders of stored coal shall elect to keep the market supplied so as to prevent an increase of present prices it will be the strongest possible appeal they can make for a favorable public opinion.

JOSEPH MEDILL PATTERSON, the wealthy Chicago socialist recruit, has begun his active labors for his faith by addressing the employes of the Chicago stockyards. Speaking to those employed by the Armours, he said, "You ought to rise in your might, go to the polls, elect a socialist President, and come into your own. This is your only chance." This country has suffered many ills in recent years but it is hoped that it may be spared a socialistic President.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, April 2.

State railroad officials from all sections of the country are in Washington this week to attend the eighteenth convention of the National Association of Railway Commissioners, which convened in the offices of the Interstate Commerce Commission this morning. Rates and rate making will be the principal subject of discussion at the convention. The views of the convention will be communicated to Congress. Chairman Knapp of the Interstate Commerce Commission addressed the convention shortly after it convened. He said that the railroads of this nation are at once the greatest achievement and the greatest necessity of our national existence.

Senator Daniel expects to address the Senate early next week, possibly on Monday or Tuesday, on the railroad rate bill. He has, it is said, some points not yet touched upon.

In the bill making appropriations to supply additional urgent deficiencies in the appropriations for the year ending June 30, to that section to meet the expenses of the delegates of the United States to the third international conference of American States to be held in Rio de Janeiro, Senator Daniel has offered an amendment providing that in the appointment of these delegates the various sections of the country shall be represented so far as possible.

The Supreme Court of the United States today sustained the validity of the Michigan railroad taxation statute of 1901. The cases in which this decision was rendered were those of the Michigan Central Railroad Company, and seventeen other railroad companies against the State auditor of Michigan. Taxes to the amount of nearly a million dollars are involved.

Representative Lovering, of Massachusetts, called at the White House today to introduce a committee representing the Lancashire spinners, who are in this country for the purpose of investigating cotton conditions.

The "President's amendment" to the railroad rate bill, it is said about the Capitiol, will meet with opposition, simply because it is the President's amendment. White House interference with legislation, it is said, is becoming irksome to many Senators.

The arrival of 25,000 immigrants at Ellis Island in one week has created alarm among labor leaders throughout the country, particularly those in control of the mineworkers. The statement has been made to the department of commerce and labor that these thousands of immigrants were being brought to this country in anticipation of a coal strike and that the foreigners would be used as strike bearers, but there is no confirmation of this settlement.

The U. S. Supreme Court today decided that a civil service government employe may recover in the court of claims, salary accruing during an unlawful suspension by a minor official.

Albert Halstead, formerly of Cincinnati, Ohio, for many years a Washington newspaper correspondent, was today nominated to be Consul at Birmingham, England. He succeeds his brother, Marshal, who relinquishes his position voluntarily to go in business in the United States. The Halsteads are the sons of Murat Halstead, the well-known author and journalist.

President Roosevelt had a conference this morning with Senator Elkins, of West Virginia, over the railroad rate bill, Mr. Elkins is chairman if the Senate committee on interstate and foreign commerce. "I told the President that I was very glad indeed that he had decided to support the amendment providing for judicial review" said Senator Elkins after his talk with the President. "I have been convinced all along that a paragraph of that sort would have to be introduced, but, as I said in the first place, I would have supported the Hepburn bill without any amendment at all.

Associate Justice Day in the U. S. Supreme Court today announced that the opinion of the court in the Chicago traction cases, sustaining the position of the city of Chicago, and reversing the lower courts, had been filed. The judgment of the court was announced some weeks ago. Justice McKenna announced his dissenting opinion, concurred in by Justices Brewer and Brown.

Friends of the House railroad rate bill, in conference with President Roosevelt Saturday, agreed upon an amendment providing specifically for judicial review of orders of the Interstate Commerce Commission. This amendment will be presented on Monday by Senator Long, a pronounced opponent of any amendment which would permit the railroads to obtain a review of a character amounting to a retrial of the merits of the commission's order.

Methodist Conferences.

The ministers in the annual conference of the Methodist Episcopal Church, now in session in Baltimore, were startled Saturday when charges were preferred against the moral character of Rev. G. H. Corey, who resides in Virginia, near Washington. The charges were preferred by Rev. J. A. Brice, of Washington, who stated that Dr. Corey's wife had secured a divorce from the Virginia court on the grounds of non-support and desertion, and he asked that the conference make an investigation. The matter was not discussed, but Bishop Wilson at once appointed a committee who will conduct the investigation and will make a report to the conference before adjournment. Dr. Corey is now on the superannuated list.

One of the most important actions of the conference was made at the close of the executive session Friday when Bishop Wilson formally announced the annexation of the Virginia conference, which includes 10 charges, which will receive appointments through the presiding bishop of the Baltimore conference. They are Alexandria, Manassas, Accotink, Arlington, Waterford, Falls Church, Berryville, Stafford, Hillsboro and Herndon. These towns lie in the vicinity of Washington.

During the morning on Saturday three members of the Virginia Conference were introduced. They were Rev. Mr. Jeffers, pastor of the Methodist Church in Alexandria; Rev. Mr. Miller, of the Herndon charge, and Rev. Mr. Feltner, former presiding elder of the Southern Conference.

Bishop Alpheus W. Wilson bid farewell to the Baltimore Conference, Methodist Episcopal Church South, at noon on Saturday in Cumberland, Md. He spoke in feeble voice, but most affectionately, and many were moved to tears. He said he could not have gone through the work and he thanked Bishop Candler for coming so cheerfully to his aid Of all the conferences, the bishop said, this one was the most dear to him.

The conference elected the following delegates to the general conference which meets in Birmingham in May:

Clerical—Dr. Collins Denny, Vanderbilt University; Dr. John A. Kern, Vanderbilt University; Rev. F. J. Prettyman, Baltimore; Rev. John A. Anderson, Washington; Rev. H. F. Hamill, Staunton.

Lay—A. B. Pugh, Washington; T. T. Fishburne, Roanoke; C. M. Armstrong, Baltimore; L. M. Walton, Winchester, Va.; A. C. Huddleston, Lewisburg, W. Va.

But one clerical alternate was elected, Rev. J. S. Hutchinson, D. D., Alexandria. The other two will be selected today.

Among the ministers who reported was Rev. J. P. Stump, of Alexandria. In every instance material progress was noted.

The following class was received in full condition: Rev. Frank Jenkins, Rev. W. D Eye, Rev. James R. Hendrick, Rev. W. P. Lawrence, Rev. G. R. Fringer and Rev. E. W. Blubaker. Bishop Candler addressed the class at considerable length, referring in a sarcastic way to those who claimed to be "called of God."

The report of the board of education was in part as follows: Value of property, $678,463.95: endowment, $311,927.90; total, $990,391.85; professors and instructors, 81; students, 925. Randolph-Macon College, at Ashland, has a new dormitory, costing $35,000, built through the generosity of John B. Branch, of Richmond, Va, Mrs. Shea of Norfolk, Va., has devised an estate, estimated at $85,000 to $100,000 to the board of trustees for the education of young men to the ministry.

Last night the following elders were ordained:

James H. Haley, of Elliston, Va., Selwyn K. Cockrell, Manassas; William D. King, of Cloverdale; James B. Hupman, Frostburg, Md; Joseph H. Balthus, Frederick, Md.; Claude H. Kesser, Gardenville, Md.; local, Henry Lawson, Lewisburg, W. Va. John W. Smith, of Fairfax, has been examined and elected to elder orders, but was prevented from being present for ordination by illness.

Powers Agree.

After a plenary session lasting until 6 o'clock Saturday evening the conference at Algeciras on Moroccan reforms registered a complete accord and apointed a committee to embody this accord in a formal protocol. The consummation of the work in the conference was announced in the following official communication:

"The conference has terminated its labors and accord is established upon all points It has adopted a definite text for the remaining articles concerning the state bank and customs. The final article, regulating the distribution of police at ports, is adopted from the Russian draft."

By it France will police four Atlantic ports—Moganor, Saffi, Magazan and Rabat—and Spain two—Tetuan and Larache. France and Spain together will police Tangier and Casa Blanca, subject to an inspector of police. The Ducth delegate announced that his government declined to appoint an officer. The conference has appointed a special committee to revise the texts of the agreement. This committee will meet Monday to consider the final formalities of the protocol.

The duration of this police agreement ment was fixed at five years.

The settlement of the question of the State Bank of Morocco gives France three shares, including those of the French syndicate. The other nations have one share. Four bank supervisors will be appointed by the Bank of England, the Bank of France, the Imperial Bank of Germany and the Bank of Spain.

Throughout the Moroccan conference Germany has been forced to recognize that she has not a friend in Europe excepting Austria.

Opinion in Paris is that neither France nor Germany can claim a decisive victory in the Moroccan agreement.

Letter to Chas. W. Howell,
Alexandria, Virginia.

Dear Sir: Devoe, $10 a year; lead-and-oil, $22

Mr McMullin, late cashier of Patapsco National Bank, of Ellicott City, Md, painted his house—Devoe—in 1885. It wore 17 years at a cost of less than $10 a year.

Mr. Harold Hardinge, the present cashier painted his house—three coats lead-and-oil—it wore six years, at a cost of $22 a year. He then repainted Devoe; said he wanted the paint that cost least by the year.

This is important; such comparisons are extremely rare. We know the general fact, however.

The paint that goes further, wears longest; always. Yours truly

Today's Telegraphic News

Situation in the Coal Field.

New York, April 2.—John Mitchell, president of the United Mine Workers, will arrive tonight from Indianapolis and will call a meeting of the anthracite scale committee at once at the Ashland House, to go over the demands which will be presented to the operators at the joint conference tomorrow. The demands will be practically the same as those presented at the last meeting with some slight modifications. They will probably be refused.

Freeland, Pa., April 2.—Although the whistles of the mines blew for work as usual this morning, not a pound of coal was shipped. The union men remained away and as the companies made no effort to bring in imports there was no trouble. An attempt was made to run a few breakers, but as only repairmen and machinists were on hand, no coal was prepared.

Wilkes-Barre, April 2.—The mine workers of the Wyoming valley almost to a man have obeyed the order of John Mitchell for a cessation of work today, and the collieries are idle. Affairs are quiet, the operators are making no effort to work the mines and the miners are remaining quietly at home. Engineers, pumpmen, wiremen, fan runners and a few company men are at work at each colliery keeping the mine in order and they have not been molested. There seems to be an absence of excitement and enthusiasm over the stoppage of work. The coal company officials are doing nothing to agitate or stir up strife.

Shamokin, Pa., April 2.—The miners failed to respond to the colliery whistles this morning, and not a coal breaker in this vicinity is turning a wheel today. A few pickets, members of the miners' organization, stationed themselves at the roads leading to the collieries, but their watch was soon over, for when it became evident that there would be no desertions from the union, they returned home. The pump runners and engineers, who are allowed in Mitchell's suspension order to remain at the mines and protect the property, were unmolested.

Dispatches from other points in Pennsylvania show that similar conditions prevail.

New York, April 2.—The anthracite coal operators are angered at the retail dealers for raising the price of coal and from an unquestioned source it is learned this afternoon that at a meeting of the presidents of the coal roads, tomorrow, ways and means will be devised to cut off the supply of coal to any and all middle men or dealer who seek to take advantage of the situation and raise the price of coal.

Dowie.

Chicago, April, 2.—Following the sensational action of Sunday in which John Alexander Dowie, "First Apostle of the Christian Catholic Church in Zion," was deposed from active leadership of the immense institution he established in 1888, deeds of transfer were filed at Waukegan Ills., this morning legally anticipating any move that Mr. Dowie might make. The documents turned over to Deacon Alexander Granger, as trustee for the People of Zion, were all of the property and interests of the City of Zion, aggregating millions. Overseer Voliva filled the deeds.

Plot Discovered.

London, April 2.—A Madrid dispatch received today says that the Spanish authorities have discovered a plot on the part of the anarchists at Lebrika, twenty-nine miles southwest of Seville, to assassinate the royal family when King Alfonso, the Dowager-Queen Christina, and the Infanta Maria Theresa, visit Seville during holy week. Details of the plot cannot be sent because of the censorship.

More of the Dreadnaught Class.

Birmingham, Eng., April 2.—The Post today says that arrangements are being made looking to an early laying down of two more warships of the Dreadnaught class, and two other warships of even larger tonnage and greater gun power than the Dreadnaught. A sister ship of the Dreadnaught, which will be named the Nelson and which is now in course of construction at Yarrow, will be launched in June.

Natives Executed.

Petermaritzburg, Natal, Africa, April 2.—The twelve natives over whose execution for the murder of a number of policemen the trouble between the British Colonial Department and the Natal Ministry arose, culminating in the resignation of the members of the Natal ministry, when an attempt was made by the Home Government to postpone the execution, were shot here today.

Election in Russia.

St. Petersburg, April, 2.—The preliminary election of members of the Municipal convention who in turn will elect the members of the National Douma, are proceeding today amid intense excitement which has spread throughout the city. The constitutional democrats seem assured of victory here similar to the successes they have won in other parts of the country.

Fatal Accident to a Count.

Rome, April, 2.—Count Avogadro was killed while motoring in the environs of Turin, today, and 3 other members of his party, including Lieutenant Malinveri, were injured. The automobile in which the tourists were travelling became enveloped in a dust cloud and collided with a builder's wagon.

To Make Another Effort.

Kothsay, Scotland, April 2.—Sir Thomas Lipton is to make another effort to "lift" the America's cup. He has finally commissioned Designer Milne, of Glasgow, to design a challenger to contest for the coveted trophy.

New York Stock Market.

New York, April 2.—The market was full of impressive buting orders at the opening, and during the first hour prices were at or above quotations made at the first half. The gains ranged from one to 4 points in many stocks. The general view of the floor and the street was that the strength of the market was inspired by the better character of news in regard to the coal labor trouble.

SENATE.

Senator Tillman introduced a letter from L. M. Williams, of Williams & Sons, bankers, of Richmond, Va., charging gross discrimination by the Norfolk and Western against that city in favor of Baltimore and Philadelphia.

The writer declared that this was due to the absolute control of that railway and the Chesapeake & Ohio by the Pennsylvania Railroad Company.

"I have sent this to the desk," explained the Senator, "in response to a recent request by the Senator from West Virginia (Mr. Scott), that I keep the Senate advised of railway abuses."

A resolution was passed, appointing Andrew D. White, of New York, a member of the Board of Regents of the Smithsonian Institution.

Senator Dick says that as soon as he receives the resolutions of the Ohio legislature, urging a furthur investigation by Congress of the case of Major Estes G. Rathbone, of Ohio, former Director of Posts, in Cuba, he will take up the matter and try to secure suitable action by the Senate committee.

"I am in favor of anything that will do justice to Major Rathbone," said he.

Senator Fulton, of Oregon, who has been one of the firm champions of the Hepburn-Dolliver railway rate bill without amendment, notified his Senatorial colleagues today that he would accept an amendment to the bill which would restrict the right of review of the commissions rate to a judicial inquiry into the constitutionality of an order and provide for an early hearing and determination of the case. Beyond this he will not go, he announced. In a prepared speech on the rate question, the Oregon Senator this afternoon defended the Senate from the charge of the dilatoriness and unfriendliness toward railway regulation, and caustically criticized the magazine writers who have been attacking the Senate of late.

HOUSE.

The House today disagreed to the Senate amendments to the pension appropriation bill and sent the bill to conference.

The conference report on the anti-hazing bill was agreed to.

The principal feature of the measure is the graduation of the penalties for hazing at the Naval Academy.

The legislative day was devoted to the consideration of measures under the suspension of the rules. Mr. Sterling, republican, Illinois, called up the employers' liability bill.

Mr. Driscoll, republican, New York, demanded a second which was ordered.

The House, with but little active opposition, passed the employers' liability bill, which makes railroad companies engaged in interstate commerce, liable for the injury or death of an employee.

Washington's Postmaster.

Benjamin F. Barnes, assistant secretary to the President, has been appointed postmaster of Washington to fill the vacancy created by the naming of Postmaster John A. Merritt as collector of customs at Niagara Mr. Barnes is the man who gave the order to the White House policemen to eject the wife of Dr. Minor Morris from the President's offices several weeks ago. This affair gave rise to a painful scandal, as Mrs. Morris was most outrageously used by the policemen and was dangerously ill for some time afterward as a consequence. There is no doubt when Mr. Barnes' nomination comes up in the Senate the whole matter will be threshed over again and a vigorous fight made against his confirmation, with but slight chances of favorable action.

TELEGRAPHIC BREVITIES.

A Real Jolly Play Tonight.

You can please people better by making them laugh instead of crying, and the mission of "The Village Fool," the successful rural comedy-drama, that is announced to appear at the Opera House tonight seems to make people laugh. Although the play is of the higher order of rural plays, it abounds in all kinds of good things—a strong and particularly effective story, pure, clean, healthful comedy, telling scenes and situations, incidents and scenes of heart interest and pathos, a very elaborate scenic investiture and a most capable cast of characters. Mr. A. C. Scammon promises an entertainment above the average and indications point to a very large audience.

Yesterday.

Yesterday was observed in St. Mary's Church as Passion Sunday, and the pictures and statues in the church were covered with purple cloth, and will remain covered until Holy Saturday.

At the Methodist Protestant Church there was a Christian Endeavor rally at which an address was delivered by Mr. Speidel, of Washington.

The congregation of the Second Presbyterin gathered in the First Church yesterday, where Sunday school and church services were held. Rev. Mr. Beattie conducted the services.

Drunk and Disorderly.

Two men, who were under the influence of liquor, caused some excitement on Lee street, between Duke and Wolfe, early last Saturday night. They entered the vestibule of a house and refused to leave when requested to do so by the inmates. Officers Sherwood and Gill later appeared and took the men in custody. They were arraigned in the Police Court this morning, but in the absence of material witnesses their case was continued. They gave their names as Henry Dorsey and Enoch Beebe.

Man in the House.

A lady living in West End, whose husband was in this city at the time, was considerably frightened last Saturday night when she discovered a strange man in the house and about to enter her bedroom. The lady gave an alarm when several people who were nearby ran to her relief. The intruder escaped. A colored man who had been attracted to the house discharged a pistol at the man as he fled.

Accidents to Cars.

Several cars of a Southern Railway freight train jumped the track between Amherst and New Glasgow on Saturday last and were badly damaged. The accident delayed traffic for a time on the road. No one was hurt by the accident.

A freight car was damaged in the Wilkes street tunnel last Saturday while some shifting was in progress.

Special Grand Jury.

Judge Barley of the Corporation Court has ordered drawn a special grand jury to meet on Wednesday to consider a number of cases, about a dozen, now waiting action by that body. Among the cases is that of Jack Ryan, held on the charge of being connected with the Curtin murder.

The regular monthly meeting of the Woman's Auxiliary to R. E. Lee Camp will be held in Confederate Veterans' Building tomorrow (Tuesday) evening at 7:30 o'clock.

Personal.

Mr. Henry Strauss, who had recently been confined to his home by illness, is out again.

Mrs. G. Wm. Ramsay, of Alexandria, arrived in Portsmouth, Saturday to visit her daughter, Mrs. W. A. Brown, in north Dinwiddie street.—[Norfolk Ledger.

The Havana papers publish an interesting account of a reception tendered by Mr. and Mrs. Harry Lee Marshall in honor of Mr. Sbunj Ai-Sune, the second secretary of the Chinese legation in that city who, was about to leave for Washton. Among the guests present were Mr. J. Ellis Norris, formerly of this city.

Y., which will take place on the afternoon of Wednesday, April the 18th, at four o'clock, at the residence, No 328 north Washington street, this city.

Mrs. Edgar Carpenter has returned to her home in this city after a two weeks' visit to her parents, Mr. and Mrs. William Upshur Nottingham, at Eastville.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Henry Dorsey and Enoch Beebe, arrested by Officers Gill and Sherwood charged with drunken and disorderly conduct, had their case continued.

Lee Ponnett, colored, arrested by Officers Bettis and Smith charged with an assault on James Lucas with a knife was fined $20.

Jesse Lee, colored, arrested by Officers Ferguson and Robert charged with assaulting Rose Denny with a pistol, was dismissed.

Blanche Washington, Perry Newby, Herbert Hawkins and Ann Jordan, all colored, arrested by Officers Henderson, Bell, Beach, Garvey and Jones, charged with disorderly conduct and fighting, were fined $10 each.

David Curtis, arrested by Officer Sherwood for being drunk at the station house, was fined $2.50 each.

A white man, arrested by Officer Mayhugh charged with assault, had his case continued.

Henry Neal, colored, arrested by Officer Jones charged with being a suspicious character, was dismissed.

Fishtown.

There are evidences of life at Fishtown. Most of the houses have been opened for the purpose of allowing air and sunshine to enter. The proprietress of one cookshop was preparing for business this morning and sand is being strewn on the premises and other attempts made to better conditions during rainy weather. The receipts of fish are still nominal, and most of those offered for sale come from southern rivers. Mr. Thomas Perry received a jag this morning from the lower Potomac. In the lot were a few shad, some herring, several rockfish, catfish, perch, etc. A rockfish weighing 47 pounds, caught in Coan river, was among the receipts. Shad are still high, selling in market from 60 to 80 cents each, and there is virtually no change in prices for other varieties.

Fined Ten Dollars Each.

The locality of the intersection of Gibbon and Pitt streets was disturbed Saturday night by a free-for-all fight between several colored men and women, during which stones were thrown and unconventional language used by the belligerents. Officers Garvey, Jones, Henderson, Bell and Beach arrested Annie Jordan, Blanche Washington, Herbert Hawkins and Perry Newberry, and they were arraigned in the Police Court this morning. When the officers arrived on the scene they proceeded to a house where the disorderly parties had congregated, and their authority was at first defied. They were fined $10 each in the Police Court this morning.

Arrested in Washington.

Samuel Edwards, living at 1426 Duke street, appeared at the station house this morning and alleged that on Friday night last Joseph Jandall forcibly entered his house for the purpose of committing a felony, and that Jandall subsequently left for Washington. Chief Webster sent Officer Roberts to that city in search of Jandall, and a few hours later he returned with the accused, who had been arrested by Detective Hartigan. The case will come up in the Police Court tomorrow. Jandall has retained Mr. Edmund Burke as his counsel.

Thought Woman was a Burglar.

Jesse Lee, colored, was before the Police Court this morning charged with attempting to kill Rosie Denny, also colored. The woman appeared at police headquarters about 1 o'clock yesterday morning and complained that she was compelled to flee from her house, at 1317 Queen street, by Lee who had fired a shot at her. Officers Roberts, Ferguson and Arrington surrounded the house and Lee surrendered. Lee was brought before Justice Caton in the Police Court this morning when he alleged that he mistook the woman for a burglar, and he was dismissed.

Bark Stranded.

The Italian bark Antonio, Captain Lengebardo, from Uruguay, with a cargo of bones for the Bryant Fertilizer Company of Alexandria, stranded a half mile south of the Cape Henry life-saving station, 1,000 yards off shore, at 6 o'clock Saturday afternoon. The crew of eleven men has been rescued by the life-savers. The vessel is nearly full of water, and while she may be saved, she is pounding badly. The Merritt's tug has abandoned for the present the attempt to float her.

Deaths.

Miss Catherine E. Park, daughter of the late Philip Park, died yesterday evening. The deceased had been suffering from pneumonia.

Louis, the infant son of Mr. Frank Pettit, died yesterday morning at his parents' residence, on south Lee street.

The residence of Mr. Joseph Lyles, in West End, was burglariously entered last night and a watch, a pair of buckskin gloves and a knife stolen.

It seems the only rational remedy for Coughs and Colds would be to move the bowels and cure the mucous membrances of the throat and lungs at the same time. Kennedy's Laxative Honey and Tar does this. A fine horse belonging to Mr. W. J. B. Duncan, who had been suffering from lockjaw, had to be shot this morning.

Movement Against Castro.

A dispatch from New York says that one of the largest merchants in New York said Saturday night that arrangements are being perfected there and in Paris and London for a revolution in Venezuela which will annihiliate Castro and open up that country to American capital and enterprise. A number of rich New York merchants are said to be interested in the movement, which, the promoters declare, will involve the employment of 15,000 sailors and the expenditure of $5,000,000 in the campaign. President Castro, if the plans do not go astray, is to be either expelled or destroyed, and a native Venezuelan statesman is to be installed as his successor. In this connection it is said that Castro, anticipating a successful revolution against him sooner or later, has converted some of his alleged $40,000,000 fortune into cash and has sent it to America and France.

Carlos B. Fergusredo, Venezuelan consul in New York, said Saturday night at his home that he had heard such an expedition was being organized or promoted, but had been unable to learn anything definite about it. He said he had understood shares in the scheme were being sold. "I would like to get hold of one of those shares," he said. "I will buy all that are offered." The consul inquired eagerly as to the point the expedition was to sail from. The expedition is to set out shortly from Europe in three large steamships, which are already under contract. They are to carry about 5,000 volunteers, with the following quantities of arms and ammunition: Eight thousand Mauser rifles of the latest pattern, 24,000 rounds of cartridges, 500,000 shells, 8 rapid-fire guns, 8,000 army belts, 1,000 officers' swords, 1,000 officers' revolvers, 3,000 machetes and swords, together with other supplies.

Suicide of a German Woman.

Most of the children in the Sixty-eighth street block, between Second and Third avenues, New York, knew Mrs. Josephine Sticker, a middle-aged German woman, with a plain, kindly face and a habit of saying pleasant things. She lived at 25 east Sixty-eighth street. Mrs. Sticker saw a group of children on the sidewalk on Saturday evening. She went to them, rattling some loose silver in the pocket of her apron. "I have a little present to make to each of you," she said. "I am going away and I want you to think kindly of me." She gave each one of the children a small piece of money, a ten cent piece to the larger ones, a nickel to the little ones. They besieged her with questions as to where she was going, but she would not answer. Mrs. Josephine Van Bank keeps the rooming house at 254. Yesterday morning she was passing Mrs. Sticker's room and noticed a sheet of paper pinned to the door. It read: "I have shot myself. Send for the police." The police found that Mrs. Sticker had shot herself as she lay in bed, putting a 22-caliber bullet into her right temple. A note on the table, addressed to Mrs. Van Bank, asked the landlady to take what effects she had in payment for board bills. Mrs. Sticker had been downhearted for several days, Mrs. Van Bank said. She was out of money and complained that her husband had not been to see her. The husband did not appear last night to take charge of the body, and it was removed to an undertaking establishment. Mrs. Sticker came from Germany seventeen years ago.

Cut off His Wife's Ears.

A dispatch from Mexico City says that Candelario Oropeza, a Mexican semi-cannibal of the most savage type, is guilty of the extraordinary offense of cutting off his wife's ears and then stewing them in chile sauce and offering them to her as a dainty titbit, because she aroused his jealous suspicions. It appears that the attentions of other gallants to the good looking spouse were more frequent than the indignant Candelario could stand, so he selected this novel and repulsive mode of vengeance. He first seized and bound the unfortunate woman, and then with a sharp knife ruthlessly amputated both ears close to the head. Joseta, the wife, fainted under the agony and loss of blood, but when she came to herself, her inhuman partner thrust a steaming plate of stew, properly seasoned with peppers, before her, sarcastically inviting her to partake of it.

Killed by Automobile.

A large number of automobile accidents were reported in New York and suburbs yesterday, the most serious resulting in the death of a six-year-old boy in west Sixty-fifth street, the killing of one and the probable fatal injuring of another elderly woman in New Rochelle. The boy killed was Frederick Cullman, a son of William Cullman, assistant treasurer of the Metropolitan Opera House. The women injured on Pelman road, New Rochelle, were sisters—Mrs. Alvina Stein, of St. Louis, and Mrs. George J. Kuchler, a resident of the village. The women were walking in the roadway and did not hear the approach of the automobile which struck them, and in which were riding two men and three women. Mrs. Stein and Mrs. Kuchler were hurled with traffic force against the stone abutment of a railroad bridge. Mrs. Kuchler's skull was fractured near the base and she suffered serious internal injuries. Mrs. Stein's left arm was broken and crushed and she also suffered internal injuries. Both were taken to a hospital, where Mrs. Stein died last night. The recovery of Mrs. Kuchler is not expected. After the women had been struck the automobile was brought to a stop and one of the men alighted. He was seen to run back, take a hurried look at the prostrate forms and then hurriedly reenter the machine, which was driven away at a rapid rate. The police last night claimed to have the number of the car and are trying to trace its ownership.

Woman Killed by Drunken Man.

Mrs. W. A. Ennis was shot down and instantly killed by Goldsborough Bailey, while standing in the doorway of her home at Parkers Mills, about four miles from Salisbury, Md., late Saturday night. The shooting occurred during the progress of a party at the Ennis home, which was interrupted by the appearance of Bailey, who came to renew a quarrel he had had earlier in the evening with John Ennis, a son of Mrs. Ennis. Bailey had had a quarrel with his wife about the disposition of some property, and the woman, fearing her husband, who had filled up with liquor, had gone for protection to the Ennises, who are her nearest neighbors. Bailey followed, and three times called to demand his wife, who refused to go home with him. He accused the Ennises of harboring her, and became so abusive that young Ennis threatened to "knock his block off." Finally he called while the party was in progress. Ennis went out, followed by his mother, who begged him not to get into an altercation with the drunken man. Finding Bailey had a gun, Ennis tried to take it from him. In the scuffle that ensued, the gun went off, and Mrs. Ennis fell dead. A young man standing near was slightly wounded. Bailey walked away a few hundred yards, lay down and went to sleep. When he was found there shortly afterward by officers his savage dog was beside him, and refused to allow any one to approach. Before Bailey's arrest could be effected it was necessary to kill the animal.

The Breath of Life

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. Oh, it's grand for throat and lung troubles." Guaranteed by E. S. Leadbeater & Sons, druggists. Price 50c and $1.00. Trial bottle free.
